● Step 1 - Knowledge & Comprehension

Find an example of a CD cover that you like. Examine the design on the front and back.

● Step 2 - Application

Produce a coloured copy of the front and back of the CD cover in pencil.

● Step 3 - Analysis

Examine CD closely. What text can you see? What colours and images are used? Is there a difference between the design or size of the front and back? What other information is there e.g. barcode?

● Step 4 - Synthesis

Produce your own CD cover for a band, album or single of your choice. You must produce with a front and back design.

● Extension Task - Evaluation

Evaluate the work that you produced for this project. How successful were your drawings? What is the best part of your work? Are they effective designs? What could be improved?
